

GIANT *OVAL SERIES*

Giant's Oval Models are ideal for continuous process and high production of small to medium parts including;

Powdered Metal, Stampings and Castings
with cycle times of 5 to 30 minutes.

Standard machines feature 100% separation of parts and media, a spiral bottom, heavy duty bowl and base weldment, a removable cast polyurethane drain plug and cast urethane screen.

These steel media ready machines are also equipped with a media discharge door and a parts discharge ramp. Machines are available in 15, 20, 25, 30, 35, 45, and 60 cubic foot models.

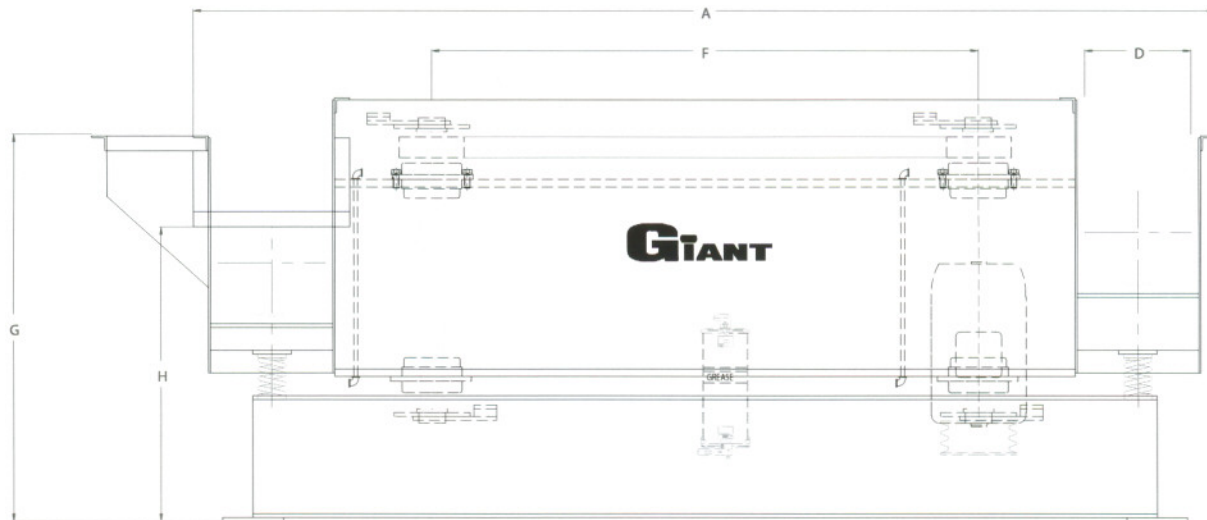

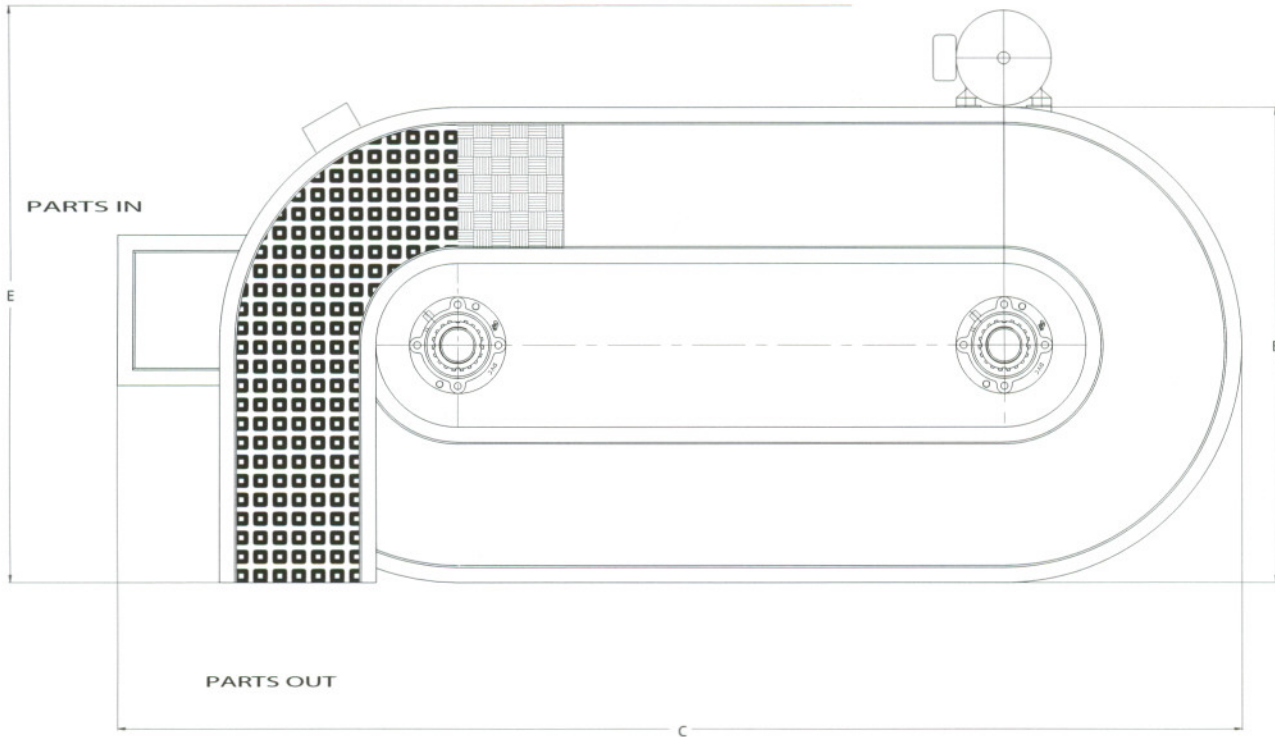

"Giant's Oval Series are ideal for continal or batch production of small to medium parts"
